## Using destination elevators at Lafayette Centre.

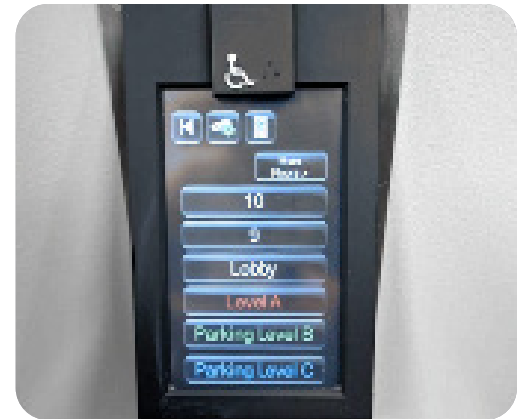

To access our services in Building 2 of Lafayette Centre, you will use the destination elevators. It is important to know that these elevators work differently than a standard elevator.

Elevators A, B, and C in the lobby

Entrance to the MedStar Health service desk  
in the Building 2 lobby

Destination elevator touchscreen

### Lafayette Centre Building 2—using our destination elevators

- Three main elevators, named Elevator A, B, and C, are located on Level A and in the Building 2 main lobby which is accessible via the courtyard between 21st and 20th Streets.
- Use the touch pad in front of the elevators to select your desired floor. Use the “More Floors” button in the top right to see additional floor numbers.
- Once you select your floor, the touchpad screen will inform you of which letter elevator (A, B, or C) to use to get to your appointment. It may take a few moments for your elevator to arrive. Thank you for your patience.
- Once you board your elevator, the elevator will automatically take you to your destination.

Please note that Elevator A is the only elevator that accesses our parking garage.

**If you need assistance using the destination elevators, security and our associates in the Building 2 lobby can assist.**

MedStar Health

## Our Radiology Network at Lafayette Centre—MRI.

Our Radiology Network at Lafayette Centre providing MRI services is located on level A of Building 1 South. To navigate to your MRI appointment, you must enter the Orthopaedic and Sports Medicine Center from level A in Building 1 South. For weekend hours, signage will be present to guide you.

**Building 1 South lobby entrance from the courtyard with signage**

**Entrance to Level A from the 20th Street garage**

**MRI entrance to the left within the Orthopaedic and Sports Medicine Center**

### From the 20th Street parking garage

**For your convenience, we recommend using the 20th Street entrance to the garage.**

- From the parking garage, navigate to the level A entrance of Building 1 South (if you park on level B, use the elevator to navigate to level A).
- Enter the Orthopaedic & Sports Center behind large glass windows, diagonal to the elevators. The MRI check-in desk is through a small corridor to the left of the Orthopaedic & Sports Center check-in desk. During weekend hours, the Orthopaedic & Sports Center staff will not be present.

### From the street or Metro

- Enter the outdoor Lafayette Centre courtyard from 20th Street. Enter the Building 1 South lobby and use the elevator or stairs to the right of the lobby.
- Navigate one level below to Level A. The entrance will be a short walk, behind large glass windows and diagonal to the elevators. The MRI check-in desk is through a small corridor to the left of the Orthopaedic & Sports Center. During weekend hours, the Orthopaedic & Sports Center staff will not be present.

**Lafayette Centre security associates are located within the Building 1 South lobby on street level, and can provide you assistance in navigating to your MRI appointment.**
